

# MINI POSTERS: RETEACH IT!

Work with your team to design “mini-posters” (*a regular piece of white printer paper = one mini poster*) that RETEACHES positive and negative tú commands (regular & irregular) and pronoun placement (positive command, negative commands, conjugated verbs, infinitives). In **total**, you will have **4 mini-posters: positive tú commands, negative tú commands, when to attach pronouns and when do pronouns “go in front” of terms (conjugated verbs and negative commands).**

Your posters must include:

- visual representation/graphic/symbols that reteach the information.
- examples (at least two) for what you are demonstrating
- appropriate use of Spanish/English
- ink/marker final drafts – **NO pencil!**

Teams may break up the final work among yourselves (each person working on the final draft of **ONE** of the posters over the weekend) **BUT ALL OF THE POSTERS MUST HAVE INPUT FROM ALL TEAM MEMBERS** (design, layout, content and EDITING).

**THE QUALITY of the WORK/DESIGN/FINAL DRAFT MATTERS! Don't turn in something that you are NOT proud of. These mini-posters will be shared publicly and posted for others to see! Make it good!**

**Final Mini Posters are due on Monday,  
December 14.**
